Re: Book Donations

Effective immediately, **the library and Friends of the Hays Public Library will cease accepting donations of print items published prior to 2010 indefinitely.**

The library is nearly out of storage space and we are preparing for an increased number of discarded books as the library staff undertakes an extensive weeding project.

In the second half of 2020, we anticipate a remodel project to commence. Space will be at a premium as we expect we will be temporarily forced to close off different wings of the library in order to continue providing service during the construction.

ARC of Central Plains, 600 Main St., accepts book donations. If books are in poor condition or have no value, they may be recycled at the Hays Recycle Center at 1780 W 55th.

We intend to resume accepting a broader range of materials again in the future.
